

Aquazero
mini IP65

Aquazero
medio IP65

An "Hi-Tech" design, ultra compact but powerful fixtures range. Ideal for indoor and outdoor applications, with limited mounting area, or for accenting delicate architectural or landscape details.

The fully adjustable mounting stem, provides 340° tilt and 360° rotation for easy aiming.

Completely made of stainless steel.

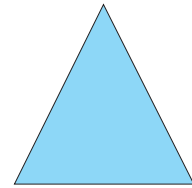

Three main versions available: Halogen 230 V GU 10, Halogen 12 V AR 111 and H.Q.I. metal halides.
